- *Investing in Diversity* encompasses programming around tourism, arts, film, commercial fishing, agriculture, and the traditional economy.
- *Unlocking Our Potential* contributions provide support for the development of the mineral and petroleum economic sectors and the NWT Geological Survey.

As shown in Table 4, contributions described under Business Services accounted for 40 per cent of the Department's overall grants and contributions.

These contributions are under the Support for Entrepreneurs and Economic Development (SEED) program and through business-support agencies including Community Futures Organizations and the Business Development and Investment Corporation.

Contributions to tourism-related businesses and initiatives accounted for 31 per cent of total grants and contributions.

En 2022-2023, 29 % des subventions et des contributions ont été accordées à 29 collectivités désignées de niveau 2.

Le tableau 3 montre l'attribution des subventions et des contributions par collectivité et par région, et fait état du total des contributions versées aux clients qui ont effectué des projets visant toutes les collectivités ou plusieurs d'entre elles.

Le graphique 2 montre la distribution du financement par région.

Le graphique 3 montre l'attribution des subventions et des contributions aux collectivités de niveau 1 et de niveau 2, ainsi que les subventions et contributions accordées à l'échelle territoriale.

DISTRIBUTION PAR SECTEUR

Les programmes de subventions et de contributions du Ministère ont été conçus de façon à cibler trois grands secteurs d'investissement représentant le soutien à l'économie des TNO.

- Dans les Services aux entreprises on retrouve les contributions destinées à soutenir le développement des petites et moyennes entreprises et de la fabrication aux TNO.
- Le volet Investir dans la diversité comprend des programmes axés sur le tourisme, les arts, le cinéma, la pêche commerciale, l'agriculture et l'économie traditionnelle.
- Le volet Explorons notre potentiel comprend des contributions qui soutiennent les secteurs économiques des minéraux et du pétrole ainsi que la Commission géologique des TNO.

Comme indiqué dans le tableau 4, les contributions décrites dans Services aux entreprises comptent pour 40 % de l'ensemble des subventions et contributions du Ministère.

Ces programmes sont menés dans le cadre du Programme d'appui aux entrepreneurs et au développement économique (PAEDE) et par des organismes de soutien aux entreprises, comme les organisations d'aide au développement des collectivités du Nord et la Société d'investissement et de développement.

Les contributions aux entreprises et initiatives liées au tourisme ont représenté 31 % du total des subventions et contributions.

Le MITI a administré 28 programmes de financement distincts au cours de l'exercice 2022-2023.

MINING INCENTIVE PROGRAM

Purpose

Stimulate and sustain mineral exploration activities throughout the NWT and reduce the risk associated with grassroots mineral exploration.

Eligibility

Applicants must be individual prospectors or exploration companies, licensed to operate in the NWT, who propose new exploration projects or are already carrying out NWT mineral exploration work.

Grant/Contribution

Contribution

Maximum Amount Available Per Applicant

Prospectors may apply for up to \$25,000 in funding. Mineral exploration companies may apply for up to \$240,000 in funding (up to 60 per cent of eligible expenses). (This program was adjusted during COVID to provide more substantive support to the sector)

Program Budget

\$1,300,000 for 2022-23.

Program Manager

Northwest Territories Geological Survey (NTGS).

Policy Authority

Established under the authority of the Minister of Industry, Tourism and Investment

Application Process

Annual applications are evaluated based on ranking criteria to assess the merits of the proposed mineral exploration activities and a balance between the amount of funding awarded to successful applicants and the total number of proposals funded.

Results Reporting

For the 2022-2023 fiscal year, ITI provided \$1.27 million over 15 projects in the North Slave, Sahtú, and Dehcho regions.
