## SECTOR DISTRIBUTION

The Department's grants and contribution programs are structured to support three broad investment themes or pillars representing support to the economy of the NWT.

- Business Services are contributions designed to support the development of small and medium sized business, and manufacturing in the NWT.
- Investing in Diversity encompasses programming around tourism, arts, film, commercial fishing, agriculture, and the traditional economy.
- Unlocking Our Potential contributions provide support for the development of the mineral and petroleum economic sectors and the NWT Geological Survey.

As shown in Table 4, contributions described under Business Services accounted for 47 per cent of the Department's overall grants and contributions.

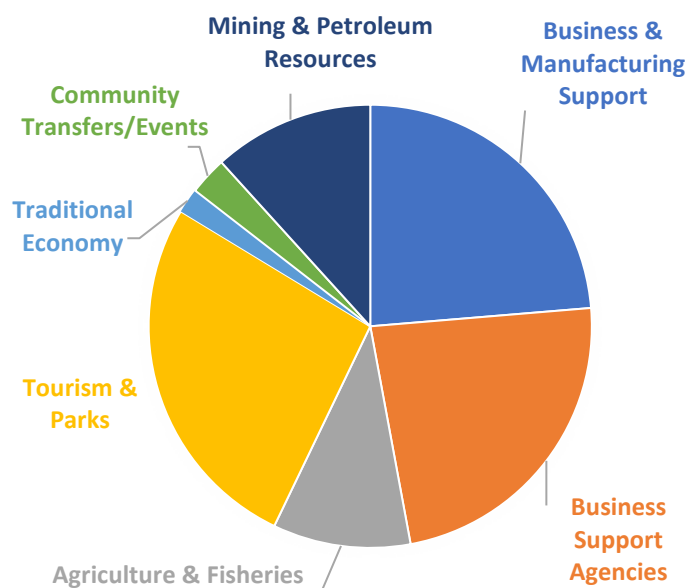

These contributions are under the Support for Entrepreneurs and Economic Development (SEED) program and through business-support agencies including Community Futures Organizations and Prosper NWT (formerly known as the Business Development and Investment Corporation).

Contributions to parks and tourism-related businesses and initiatives accounted for nearly 27 per cent of total grants and contributions. ITI administered over 28 separate funding programs and disbursements in the 2023-2024 fiscal year.

## RÉSULTATS À L'ÉCHELLE LOCALE, RÉGIONALE ET TERRITORIALE

Les contributions sont réparties selon trois grands groupes communautaires :

- les collectivités de **niveau 1** (Yellowknife, Hay River, Inuvik et Fort Smith);
- les collectivités de **niveau 2** (les 30 autres collectivités des TNO);
- les **projets panterritoriaux** (les projets qui visent plus d'une collectivité).

En 2023-2024, 24 % des contributions ont été accordées à 30 collectivités désignées de niveau 2.

Le tableau 3 montre l'attribution des contributions par collectivité et par région, et fait état du total des contributions versées aux clients qui ont effectué des projets visant toutes les collectivités ou plusieurs d'entre elles.

## DISTRIBUTION PAR SECTEUR

Les programmes de subventions et de contributions du Ministère ont été conçus de façon à cibler trois grands secteurs d'investissement représentant le soutien à l'économie des TNO.

- Dans les Services aux entreprises, on retrouve les contributions destinées à soutenir le développement des petites et moyennes entreprises et du secteur manufacturier aux TNO.
- Le volet Investir dans la diversité comprend des programmes axés sur le tourisme, les arts, le cinéma, la pêche commerciale, l'agriculture et l'économie traditionnelle.
- Le volet Explorons notre potentiel comprend des contributions qui soutiennent la Commission géologique des TNO, ainsi que les secteurs économiques des minéraux et du pétrole.

Comme indiqué dans le tableau 4, les contributions décrites dans Services aux entreprises comptent pour 47 % de l'ensemble des subventions et contributions du Ministère.

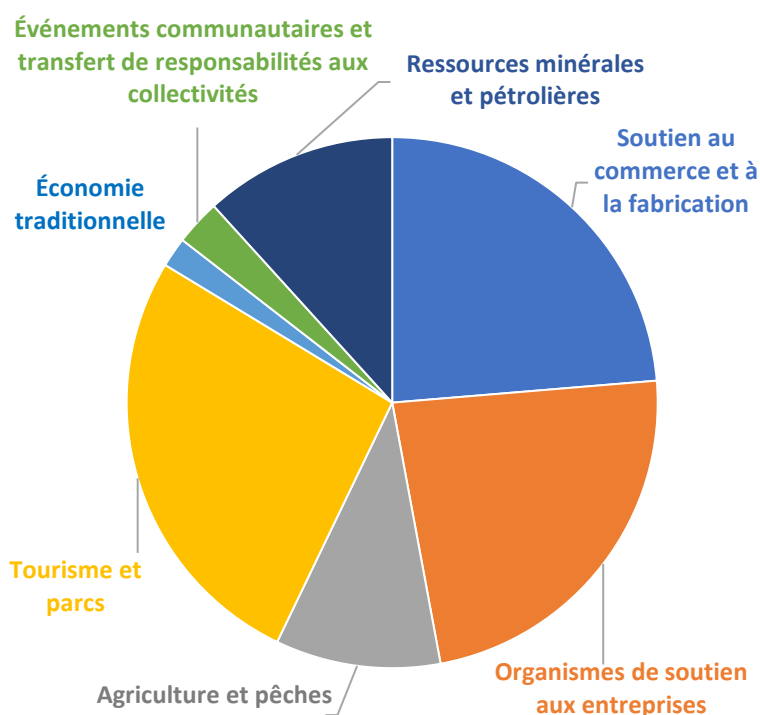

Ces contributions sont versées dans le cadre du Programme d'appui aux entrepreneurs et au développement économique (PAEDE) et par l'entremise de divers organismes de soutien aux entreprises, notamment les organisations d'aide au développement des collectivités du Nord et la Société d'investissement et de développement.

Les contributions aux parcs ainsi qu'aux entreprises et aux initiatives liées au tourisme ont représenté 27 % du total des subventions et contributions. Le MITI a administré plus de 28 programmes de financement distincts au cours de l'exercice 2023-2024.

## ECONOMIC DIVERSIFICATION

### AGRICULTURE & FISHERIES

The food production sector is important to the Northwest Territories in many ways. It is at the confluence of culture, economic diversity and food security, and is the heart of a thriving territory.

### SUSTAINABLE CANADIAN AGRICULTURAL PARTNERSHIP (Sustainable CAP)

#### Background to Multilateral Agreement

The five-year multilateral Sustainable Canadian Agricultural Partnership (Sustainable CAP) came into effect on April 1, 2023, and expires March 31, 2028. Its goal is to support projects and initiatives that support the following collective outcomes:

- Improve sector environmental performance, adaptation to climate change and reduction of greenhouse gas emissions.
- Increase sector capacity and growth across the entire agri-food value chain; and,
- Enhance sector resiliency, diversity, equity and inclusion, and public trust.

Sustainable CAP is cost shared between the federal, provincial and territorial governments, with the federal government contributing 60 per cent of the costs of the program and the provincial/territorial government contributing 40 per cent. The 2023-2024 federal government contribution was \$904,855 while the GNWT provided \$603,236.

#### Results Reporting

Actual expenditures by ITI as the GNWT's cost shared portion of Sustainable CAP were \$603,236.
