Report Title: Contracts over \$5,000 - Contract Detail by Designated Local Community

Report Type: OD-CR10A - Basic Contract Report  
This type of report prints data about contracts issued  
pursuant to a procurement entered into the system. It selects  
base data that meets the following conditions:

- A valid procurement exists.
- At least one valid bid (including a valid Business) is on file.
- An award has been made to a valid bid.
- At least one contract has been issued to a valid bidder.

The base data for each contract and all associated amendments  
is summarized into a single report line. Some reports summarize  
further, but the unique contract number is the lowest level of  
detail with this type of report.

The fiscal period for contracts on this report is determined  
by the start date entered for the contract or any amendments.  
Only amounts specified on a document with a start date in the  
fiscal year of the report are actually reported.
