Consultation on NWT Parks – Changes

The Department of Industry Tourism and Investment (ITI) is working to provide the best possible service and facilities to parks and campground users in the Northwest Territories, especially given escalating costs of operations and a requirement to spend public funds responsibly and equitably.

Following a summer-long consultation of the role and nature of parks services and campgrounds in the NWT, Minister of Industry, Tourism and Investment Bob McLeod has accepted the recommendations of an independent panel

The Department is now take steps in accordance with the panel's recommendations to amend Territorial Parks Regulations in time for the 2009 camping season.
