

Northwest Territories Wilderness Travel

Due to the isolation and remoteness of many wilderness destinations in the NWT, searches can be expensive, time consuming and may even put other people involved in a search as well as yourselves at risk.

In an effort to ensure your party's safety and to assist the RCMP in any required search effort, all wilderness travelers are requested to complete the following form. This form should be completed in as much detail as possible. The form should then be left with a responsible adult who can act on your behalf should your party become lost, overdue or stranded.

In the event your party is overdue or has not made contact with the responsible adult within a pre-determined time frame, the responsible adult should immediately make all reasonable attempts to verify you are in fact in a situation of risk. Once it has been confirmed that your party is in a situation of risk, the responsible adult should immediately notify the nearest RCMP Detachment and provide a copy of this form.
