What is the Community Tourism Infrastructure Contribution (CTIC) Program?

The Community Tourism Infrastructure Contribution (CTIC) Program provides funding to community governments and non-government organizations to support new and innovative infrastructure projects. The projects must support tourism in communities and promote nearby parks and natural attractions.

The Community Tourism Infrastructure Contribution Program is administered by the Department of Industry, Tourism and Investment. The goals of the Program are to:

- Increase the attractiveness of NWT communities to visitors;
- Encourage partnerships between non-government organizations and private industry in the tourism sector;
- Increase the use of communications technology in tourism products;
- Create opportunities for the local economy and residents through the enhancement of tourism operations at the community level.
