MINISTER'S MESSAGE

Our government is committed to empowering local businesses to succeed.

Be it manufacturers, film production companies, tourism businesses, or food producers, small and medium-sized businesses are crucial to the Northwest Territories' (NWT) economy. They create employment opportunities, products, and services for NWT residents and contribute daily to the improved quality of life in our North.

Through the Department of Industry, Tourism and Investment (ITI), entrepreneurs and small business owners can access financial supports, marketing opportunities, mentorships, and training programs to transform their ideas into thriving businesses.

Resources are available to residents in every NWT community, supported by individuals in ITI's regional offices who have a vested interest in seeing their communities thrive. Strong partnerships with

organizations like the Business Development and Investment Corporation (BDIC) and the NWT's network of Community Futures Organizations further provide support to the NWT business community.

In 2018-2019, \$16.7 million in grants and contributions were provided to more than 500 individuals, entrepreneurs, businesses, and groups with an economic interest in our territory.

This document is an accounting of our support for NWT businesses and emerging entrepreneurs. It highlights some of the ways in which our government is investing in our people towards the goal of growing a resilient and prosperous territory.

Hon. Katrina Nokleby, P.Eng.
Minister of Industry, Tourism and Investment

MESSAGE DE LA MINISTRE

Notre gouvernement tient à donner aux entreprises locales les moyens de réussir.

Qu'il s'agisse de fabricants, de sociétés de production cinématographique, d'entreprises touristiques ou de producteurs alimentaires, les petites et moyennes entreprises sont essentielles à l'économie des Territoires du Nord-Ouest (TNO). Elles créent des possibilités d'emploi, des produits et des services pour les Ténos et contribuent à l'amélioration de la qualité de la vie quotidienne ici, dans le Nord.

Grâce au ministère de l'Industrie, du Tourisme et de l'Investissement (MITI), les entrepreneurs et les propriétaires de petites entreprises peuvent accéder à une gamme variée de programmes de financement et de possibilités de commercialisation. Ils peuvent également profiter de systèmes de mentorat et des programmes de formation susceptibles de les aider à transformer leurs idées en entreprises florissantes.

Avec le soutien du personnel des bureaux régionaux du MITI, qui ont à cœur la prospérité des collectivités, des ressources sont mises à la disposition des Ténos de chaque

collectivité. Des partenariats solides avec des organismes tels que la Société d'investissement et de développement (SID) des TNO et le réseau des organisations d'aide au développement des collectivités du Nord apportent un soutien supplémentaire au milieu des affaires des TNO.

En 2018-2019, plus de 500 particuliers, entrepreneurs et organismes ayant l'intérêt financier des TNO à cœur se sont partagé 16,7 millions de dollars en subventions et contributions.

Dans ce document, nous rendons compte de notre soutien aux entreprises et aux entrepreneurs émergents des TNO, en mettant en exergue les moyens mis en œuvre par le GTNO pour investir dans le potentiel de nos résidents afin de promouvoir la résilience et la prospérité des TNO.

Katrina Nokleby, ing.
Ministre de l'Industrie, du Tourisme et de l'Investissement

PREFACE

The mandate of the Department of Industry, Tourism and Investment (ITI) is to promote economic self-sufficiency through the responsible development of Northwest Territories (NWT) natural resources and to create a prosperous, diverse and sustainable economy for the benefit of all NWT residents.

This is done through a number of measures including the sponsorship and management of a suite of financial grants and contribution programs to a wide range of clients and agencies in a variety of sectors including:

- development of the mineral and petroleum resource sector;
- development of renewable resource industries, including agriculture, commercial fishing, traditional fur harvesting and the knowledge economy;
- the promotion and support of tourism, trade and investment; and
- the promotion of businesses, including, manufacturing and secondary industries.

This report provides a summary of grants and contributions provided throughout the 2018-2019 fiscal year.

SUMMARY OF RESULTS

Over the 2018-2019 fiscal year, ITI provided \$16.7 million in contributions to more than 500 individuals, entrepreneurs, businesses, governments, and groups across the NWT having an economic interest.

Contribution assistance over the 2018-2019 period decreased by \$966,148 or 5 per cent compared to 2017-2018, as shown in Chart 1. Starting in 2015, a decline is also noted as realignment of responsibilities among various government departments resulted in the transfer from ITI of programming and contributions associated with the fur harvesting industry to the Department of Environment and Natural Resources (ENR) and energy programs to the Department of Infrastructure (INF).

Chart 1: Grants and Contributions Over Past Five Years (\$ millions)

MAJOR GRANTS AND CONTRIBUTIONS

ITI provided \$5.8 million in funding for two major NWT-wide organizations that have a significant impact on the economic well-being of NWT residents and businesses.

Those were: Northwest Territories Tourism (NWTTC) and the NWT Business Development and Investment Corporation (BDIC).

Table 1: Contributions by Client exceeding \$1,000,000

Client	Total Contribution
Northwest Territories Tourism	\$3,901,000
NWT Business Development and Investment Corporation	\$1,905,000

Other major contributions went towards economic and small business development through contributions to community, regional and territorial organizations, governments and educational institutions. Investments were in support and development of the mineral and petroleum resource sectors, as well as sector diversification and development in tourism, fisheries, agriculture and traditional economy sectors.

Just over \$4.3 million in contributions was provided to 23 recipients as detailed in Table 2.

COMMUNITY, REGION AND TERRITORIAL RESULTS

Providing \$16.7 million in grants and contributions in the 2018-2019 fiscal year, Table 3 details the allocations made to each community and region as well as the contributions made to clients delivering a service or product territory-wide. Chart 2 shows the distribution of funding by region. Chart 3 presents allocations made according to Level 1 and Level 2 communities and territory wide. Approximately 51 percent of all grants and contributions funds were made to agencies operating throughout the NWT. This would include contributions made to NWTT, the BDIC and organizations representing business or economic sector development roles. 31 per cent of grants and contributions went to the 28 designated Level 2 communities.

Level 2: 28 remaining communities.

Pan-Territorial: Projects are considered under this group if they serve all or a number of communities across the NWT.

SECTOR DISTRIBUTION

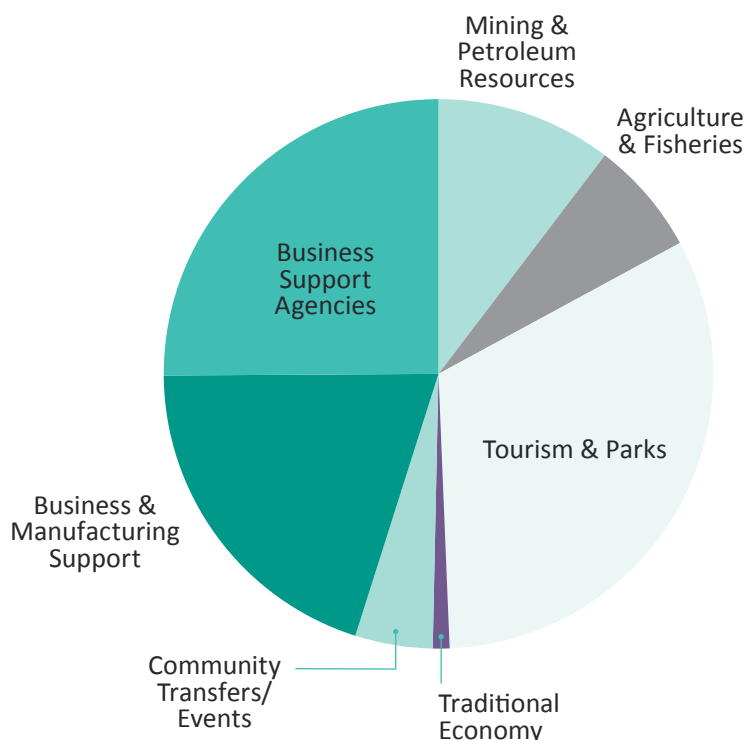

The Department's grants and contribution programs are designed to support three broad investment themes or pillars. Unlocking Our Potential is aimed at providing support to the mineral and petroleum economic sectors including geoscience and permafrost study; Investing in Diversity encompasses programming around tourism, commercial fisheries, agriculture, and traditional economy, such as fur harvesting and craft and support to business development and sustainability. The third major investment target area, at times overlapping with Investing in Diversity, is Business Services whose programming areas are designed to support development of small and medium sized business and manufacturing in the NWT through either contributions or loans.

As shown in Table 4, the combination of contribution programming included within Business Services accounted for nearly half of the Department's entire \$16.7 million in grants and contributions. These programs are supported through the Support for Entrepreneurs and Economic Development (SEED) program and the Business Support Agencies such as the Business Development and Investment Corporation. Tourism contributions formed 33 per cent of the total grants and contribution allocations at approximately \$5.6 million. This includes funding for marketing including training, research and product development, Indigenous tourism, and a host of other tourism-related support initiatives.

PRÉFACE

La mission du ministère de l'Industrie, du Tourisme et de l'Investissement (MITI) consiste à promouvoir l'autonomie économique grâce au développement responsable des ressources naturelles des Territoires du Nord-Ouest (TNO) ainsi qu'à créer une économie prospère, diversifiée et durable pour l'ensemble des Ténos.

Une série de mesures est mise en œuvre à ces fins, notamment le parrainage et la gestion de programmes de subventions et de contributions financières destinés à une variété de clients et d'organismes dans de nombreux secteurs, dont :

- le développement de l'industrie minière et pétrolière;
- le développement du secteur des ressources renouvelables, notamment l'agriculture, la pêche commerciale, la fourrure et l'économie du savoir;
- la promotion et le soutien des industries du tourisme, du commerce et de l'investissement;
- la promotion des affaires, notamment la fabrication et les secteurs secondaires.

Ce rapport présente la liste des subventions et des contributions versées au cours de l'exercice 2018-2019.

SUBVENTIONS ET CONTRIBUTIONS VERSÉES

Au cours de l'exercice 2018-2019, le MITI a versé 16,7 millions de dollars en contributions à plus de 500 particuliers, entrepreneurs, entreprises, gouvernements et groupes, dans l'ensemble des TNO, présentant un intérêt économique.

Au cours de l'année 2018-2019, les contributions ont diminué de 966,148 \$ million (5 %) comparativement à 2017-2018, comme indiqué dans le graphique 1. Depuis 2015, on note cependant une diminution des contributions, attribuable à la réaffectation de responsabilités parmi divers ministères gouvernementaux. Ainsi, des programmes et des contributions liés à l'industrie de la fourrure ont été transférés du MITI au ministère de l'Environnement et des Ressources naturelles (MERN), alors que des programmes énergétiques sont passés sous la gouverne du ministère de l'Infrastructure.

Graphique 1 : Subventions et contributions des cinq derniers exercices (en millions de \$)

SUBVENTIONS ET CONTRIBUTIONS D'ENVERGURE

Le MITI a versé 5,8 millions de dollars à deux organismes ténois d'envergure qui créent des retombées économiques importantes pour les entreprises et les résidents, à savoir : la Société d'investissement et de développement (SID) et Tourisme TNO.

Tableau 1 : Contributions de plus de 1 000 000 \$ par client

Client	Total de la contribution
Tourisme TNO	3 901 000 \$

D'autres contributions d'envergure ont été allouées au développement de l'économie et des petites entreprises, notamment à des organismes communautaires, régionaux et territoriaux, ainsi qu'à des gouvernements et à des établissements d'enseignement. Le Ministère a investi dans les secteurs des ressources minières et pétrolières, ainsi que dans la diversification sectorielle et l'expansion du tourisme, des pêches, de l'agriculture et de l'économie traditionnelle.

Des contributions d'un peu plus de 4,3 millions de dollars ont été versées à 23 bénéficiaires, comme indiqué au tableau 2 ci-contre.

RÉSULTATS À L'ÉCHELLE LOCALE, RÉGIONALE ET TERRITORIALE

Les subventions et contributions versées durant l'exercice 2018-2019 totalisent près de 16,7 millions de dollars. Le tableau 3 illustre la répartition du financement par collectivité et par région, de même que les contributions allouées aux fournisseurs de services ou de produits à l'échelle territoriale. Le graphique 2 illustre la distribution du financement par région, tandis que le graphique 3 indique les subventions et contributions accordées aux collectivités de groupe 1 et de groupe 2, ainsi que les subventions et contributions accordées à l'échelle territoriale. Environ 51 % de toutes les subventions et contributions ont été versées à des organismes qui œuvrent aux TNO. Ce chiffre inclut les contributions accordées à Tourisme TNO, à la SID et aux organisations qui assument des rôles de développement d'affaires ou économique sectoriels. Trente et un pour cent des subventions et contributions ont été accordés à 28 collectivités dites de niveau 2.

DISTRIBUTION PAR SECTEUR

Les programmes de subventions et de contributions du Ministère ont été conçus de façon à cibler trois grands secteurs d'investissement. La campagne « Explorons notre potentiel » (Unlocking Our Potential) vise à soutenir les secteurs de l'extraction minière et pétrolière, notamment les travaux géoscientifiques et les études sur le pergélisol; la campagne « Investir dans la diversité » (Investing in Diversity) regroupe des programmes axés sur le tourisme, les pêches commerciales, l'agriculture et l'économie traditionnelle, comme l'industrie de la fourrure et le secteur de l'artisanat, tout en favorisant le développement durable. La troisième campagne, « Services aux entreprises » (Business Services) chevauche parfois la deuxième. Les programmes qui s'y rattachent ont pour but de soutenir le développement de PME et d'entreprises de fabrication ténoises au moyen de contributions ou de prêts.

Comme indiqué dans le tableau 4, les divers programmes de contribution visant à soutenir les services aux entreprises ont accaparé près de la moitié des 16,7 millions de dollars offerts en subventions et contributions par le Ministère. Ces programmes sont menés dans le cadre du Programme d'appui aux entrepreneurs et au développement économique (PAEDE) et par des organismes de soutien aux entreprises, comme la Société d'investissement et de développement.

Près de 33 % de l'enveloppe des subventions et contributions, soit quelque 5,6 millions de dollars, a été versé au secteur touristique. Parmi les activités couvertes par ce financement figurent le marketing, notamment la formation, la recherche et le développement de produits, le tourisme autochtone et une série d'autres initiatives liées au tourisme.

Results Reporting

The Community Futures Program is a community-based economic development initiative, delivered in each region. CFDCs operate independently of government as non-profit organizations and are overseen by a volunteer Board of Directors that is representative of the region and communities that it serves. CFDCs provide access to capital and business support services to entrepreneurs in their operating area.

In the 2018-2019 fiscal year, a total of \$783,320 in funding was provided for Community Future Development Corporations. This amount includes accruals at year end. A separate and detailed report for the Community Futures Program is produced and tabled in the Legislative Assembly and posted on the Industry Tourism and Investment website on an annual basis.

COMMUNITY TRANSFER INITIATIVES

Purpose

To provide funding for NWT communities to obtain the services of an Economic Development Officer (EDO), who is responsible to that community, through the provision of salary and operations funding to individual communities.

Eligibility

All NWT communities are eligible to request the transfer of ITI EDO positions where those positions have not already been transferred to the community.

Grant/Contribution

Contribution

Maximum Amount per Applicant

The maximum amount allocated per applicant varies by community depending on remoteness and whether the community is eligible for a half or full time position.

Program Budget

\$1,587,000 for the 2018-2019 fiscal year

Program Manager

Business Support and Trade Division

Policy Authority

Established under authority of the Minister of ITI

Application Process

Funding is through negotiated agreements.

Results Reporting

Results of the Community Transfer Initiative are reported by ITI Regional Offices. Reporting includes an annual operational plan, a quarterly activity report and a performance appraisal for the EDO.

For the 2018-2019 fiscal year, 12 communities in the NWT participated in the Community Transfer Initiatives Program (Table 6). Total funding contributed was \$1,315,875 (this amount includes accruals at year end). Chart 5 provides a summary of transfer amounts for the past three fiscal years. The breakdown by Community for Community Transfer Initiatives is listed in Table 6.

SUPPORT FOR ENTREPRENEURS AND ECONOMIC DEVELOPMENT

Purpose

The Support for Entrepreneurs and Economic Development (SEED) Policy provides contributions toward starting out in business, improving capacity or skills, and helping small communities to expand their local economy.

Eligibility

All NWT businesses, business associations, band/ community councils and individuals are eligible. Specific eligibilities are provided under the individual program elements of the Policy.

Grant/Contribution

Contribution

Maximum Amount Available Per Applicant

Excepting the Strategic Investments program, which allows for contributions up to \$75,000, the maximum amount available is up to \$25,000, depending on program category, to any one client in any fiscal year, with a cap of \$30,000 to any one client in any fiscal year.

Program Budget

Program funding was \$3,866,000 for the 2018-2019 fiscal year. This funding is inclusive of \$160,000 set aside for projects in the film sector, \$125,000 set aside for projects in the arts and crafts sector, and \$50,000 set aside for the Prospector Grubstake Program.

Program Manager

Business Support and Trade

Policy Authority

Established under the authority of the Minister of Industry, Tourism and Investment

Application Process

Application forms may be obtained from any local Industry, Tourism and Investment office.

A Contribution Agreement will be drawn up for a successful applicant. Specific terms and conditions vary according to the nature of the contribution and the project or activity being supported.

Results Reporting

In the 2018-2019 fiscal year, Industry, Tourism and Investment provided \$3,955,452 in contributions to 471 individuals, businesses and organizations in the NWT; up from \$3,839,112 in 2017-2018 and \$3,880,354 in 2016-2017 (Chart 6).

By SEED Policy Program

Contributions made under the SEED Policy fall under six program categories (Table 7):

- Entrepreneur Support
- Sector Support
- Community Economic Development
- Micro Business
- Business Intelligence and Networking
- Strategic Investments

And one schedule:

- Film Industry Funding

By Community Level

Under the SEED Policy, communities are defined as either Level 1 or Level 2 communities, as follows:

Seed Community Levels	
Level 1	Fort Smith, Hay River, Inuvik, and Yellowknife
Level 2	All Other Communities

- **Level 1:** The most developed communities in the NWT. These communities have well developed community business infrastructure and air/road transportation links.
- **Level 2:** Communities with less-developed business infrastructure and air/road transportation links.

Level 1 communities are Fort Smith, Hay River, Inuvik, and Yellowknife. All other communities are Level 2.

ECONOMIC IMPACT OF THE SEED POLICY ON THE NWT ECONOMY

The purpose of this report is to provide the direct, indirect, and induced effects of the Support for Entrepreneur and Economic Development (SEED) policy on the gross domestic product (GDP) in Northwest Territories (NWT).

The data used in this study were taken from The Exceptional Assistance (TEA) software program. In order to conduct this analysis, the input/output model was used to analyze the direct and indirect & induced effect on NWT Economy.

Direct effects are the results of the money initially spent as total project costs in the context of a SEED funded project. *Indirect effects* are the changes in GDP as a result of business to business transactions caused by the direct effect. *Induced effect* refers to the increase personal income caused by both the direct and indirect effects that leads to increase in household spending.

In 2018-2019, our estimation indicates a total investment of \$10,448,452 will have a total impact on GDP of \$9,385,024 (as summarized in Table 10). It is important to note that approximately 38% of this investment was financed by the SEED Policy, which represents \$3,955,452 funds committed by ITI.

Table 10: Economic Impact of SEED 2018-2019

SEED Programs	Total Project Costs	SEED Funding	Direct GDP	Indirect & Induced GDP	Total GDP
Business Intelligence and Networking	\$162,010	\$112,447	\$27,205	\$14,811	\$42,016
Community Economic Development	\$4,813,055	\$1,348,308	\$2,612,345	\$1,700,334	\$4,312,680
Entrepreneur Support	\$3,113,330	\$1,385,134	\$1,902,448	\$1,087,390	\$2,989,838

Chart 7: Direct and Indirect and Induced GDP Impact by SEED Program 2018-2019

Chart 8: SEED Multiplier Effects, 2018-2019

Chart 8 demonstrates the multiplier impact for each SEED program, such that a dollar of expenditure invested will impact the GDP as specified above. The program with the largest impact is Strategic Investments, for every dollar of expenditures will generate an additional \$2.02 GDP, whereby the average for all programs is one dollar of expenditure will translate into \$1.6 additional GDP.

ECONOMIC DIVERSIFICATION

AGRICULTURE

“CANADIAN AGRICULTURAL PARTNERSHIP” – VARIOUS INITIATIVES

Background to Multilateral Agreement

The multilateral Canadian Agricultural Partnership (the Partnership) agreement came into effect on April 1, 2018, and will expire on March 31, 2023. The overall intent of this program is to increase production of local agricultural products in the north. Its goals are to build sector capacity, diversify local economies and encourage market access to fresh food in the NWT.

Under the Partnership with the federal government, up to \$1.2 million annually (minus approximately \$100,000 annually for the administration fee to the federal government) in cost shared investment has flowed annually to the NWT agriculture sector to increase resource capacity to grow food in all NWT communities. The Partnership was cost shared on an approximate 40:60 basis. The annual federal government contribution equated to \$732,600, while the GNWT provided up to \$488,400.

Purpose of Contributions of Various Initiatives

Contributions made under the cost shared program supported business based and territorial wide initiatives that encourage agriculture sector development. Investments are intended to build resource capacity, promote greater agriculture awareness, encourage local and commercialized food production and facilitate access and marketability of domestically sourced meat, eggs, and produce from communities throughout the NWT.

Eligibility

Contributions were open to applications from NWT-based private sector partners, participants or organizations involved in planning, delivery and/or funding and support of one or more of the six strategic priorities set out under the Partnership.

- Market and Trade
- Science, Research and Innovation
- Risk Management
- Environmental Sustainability and Climate Change
- Value-Added Agriculture and Agri-Food Processing
- Public Trust

Grant/Contribution

Some entries may represent more than one project undertaken by a specific client within the 2018-2019 fiscal year.

Maximum Amount per Applicant

The maximum amount allocated per applicant varies based on the initiative and relevant program terms and conditions.

Program Budget

Specific funding for this cost-shared program was included in ITI's 2018-2019 Business Plan. Funding is subject to the availability of fiscal resources and the capacity within the Department to address them.

Annual allocations are determined through ITI's appropriation and expenditures.

The total approved appropriation specific to the Partnership within ITI for 2018-2019 was \$488,000.

Program Managers

Director of Economic Diversification and ITI Regional Superintendents.

Policy Authority

Agreement established under authority of the Minister of ITI.

Application Process

Funding is through application to the one of the Program Managers.

Strategy Results Reporting

In addition to the annual Grants and Contributions Results Report, ITI will report through the Main Estimates.

2018-2019 Various Initiatives Results Reporting

In the following tables are initiatives funded in the 2018-2019 fiscal year in support of the Partnership.

The NWT Agriculture Strategy was approved and released in March 2017. The Strategy is currently in its initial phase of implementation.

Actual expenditures in grants and contributions by ITI as the GNWT's cost shared portion of the Partnership were \$488,800. Investments in contributions totaled \$953,060, including both Federal and Territorial amounts. A portion of the Partnership's expenses is also spent under other expenses resulting in a final Partnership spending deficit of \$87,869 for the 2018-2019 fiscal year. The amount overspent in 2018-2019 will be covered through funds available in the following year's annual budget.

Great Northern Arts Festival – Inuvik (Total Amount of \$25,000)

In support of the 17th and 18th Legislative Assembly's priority to develop the Tourism sector, ITI supported a more coordinated approach to leveraging the potential of festivals and events as tourism attractions by offsetting the production costs of the Great Northern Arts Festival in Inuvik.

The 10 day festival commenced July 12th, 2019, marking the 31st year of the only pan-northern arts festival in Canada. This was the sixth year using an integrated system of inventory control, point of sales and artists payments.

Tourism 2020 identified five focus areas for support:

- Visitor Attraction and Experience
- Aboriginal Cultural Tourism
- Community Tourism Development
- Skills Development
- Tourism Research and Planning

In addition to Arts support provided through SEED and through O&M, the Department also provided an additional \$64,442 in contributions in support of the arts sector.

Support in the amount of \$10,000 was also provided for tourism attraction events.

NORTHERN FOOD DEVELOPMENT PROGRAM

Purpose

To remove barriers, create employment and facilitate the development of the NWT food production sector by providing support to producers of northern fish, meat and other food products for sale to consumers in the NWT by making investments that support:

- Community economic diversification
- Northern food production and processing
- Increasing local and regional agriculture and fishery participation and output
- Encouraging/supporting local and niche food production and marketing initiatives
- Increasing availability of NWT foods to NWT consumers

Eligibility

All NWT businesses, individuals, co-operatives, community based organizations and associations engaged in the local production of food.

Grant/Contribution

Contribution

Funding Available Per Applicant

Contributions are aimed at individual entrepreneurs or businesses where the benefits accrue primarily to the client but meet the overall goal of the Northern

Food Development Program. The maximum level of funding made available under the various sectors within food harvesting or production is dependent on the type of activity undertaken. The details are posted on the ITI website.

Application Process

The application form used for the SEED Policy is also used for the Northern Food Development Program. The SEED application form is available at the Regional and Headquarters offices of ITI. Regional Offices are available to discuss project proposals and assist with the completion of applications. Completed regional applications are delivered to ITI Regional Offices, who are responsible for approvals.

Results Reporting

For the 2018-2019 fiscal year, ITI provided \$412,123 in direct funding through the Northern Food Development Program to individuals, businesses, educational institutions and Indigenous governments in all five regions across the NWT as shown in Table 12.

\$43,170 of this amount was used to fund Partnership related projects.

FISHERIES

COMMERCIAL FISHERY ASSISTANCE INDUSTRY SUPPORT

Purpose

To offset the high freight and production costs associated with operating commercial fisheries in the NWT.

Eligibility

Eligibility is restricted to commercial fishermen, holders of commercial fishing licences, and members of the NWT Fishermen's Federation (NWTFF).

Grant/Contribution

Contribution

Maximum Amount Available Per Applicant

Maximum amount available under this Program is:

- Core Funding - \$20,000 (Operations and Maintenance for the NWTFF)
- Freight support on Lake Whitefish, Lake Trout, Northern Pike and Walleye delivered to the Freshwater Fish Marketing Corporation (FFMC) plant to offset freight to Winnipeg, \$0.23/lbs. to a maximum of \$205,000. Results: 30 fishers were paid out of this fund

Program Budget

\$450,000 for the 2018-2019 fiscal year

Program Manager

Economic Diversification Division and the South Slave Regional Superintendent

Policy Authority

Established under authority of Minister of ITI

Application Process

Program delivery is managed by the NWTFF, through a Memorandum of Understanding with the Department of ITI. Commercial fishers apply to the NWTFF for funds.

Results Reporting – 2018-2019

\$331,749 in contributions were provided in 2018-2019 through three program schedules.

1. Core Funding:

Funds assist in defraying a portion of the costs of administration for the NWTFF.

Results:

Contributions supported the NWTFF in assisting the GNWT with the development of a commercial fish strategy, looking at developing a brand for fish caught on the Great Slave Lake and the hosting of its Annual General Meeting.

2. Industry Support Payments:

Assist commercial fishers with production and transportation costs of eligible species (White species of fish - Whitefish, Trout and Pike). The amount paid to commercial fishers is \$0.23/lb and is based on previous year's production.

3. Other Support

RESULTS:

See table 13.

TRADITIONAL ECONOMY - FURS

GENUINE MACKENZIE VALLEY FUR - FUR PRICE PROGRAM

Effective April 1, 2015, a number of grants and contribution program areas linked to, or part of, the broader incentive of encouraging and protecting the northern fur trapping economic sector were transferred from ITI to ENR, including:

- Genuine Mackenzie Valley Fur Program- service
- Fur Advance
- Prime Fur Bonus
- Grubstake
- Community Harvesters Assistance Program;
- Hunters and Trappers Disaster Compensation Program;
- Local Wildlife Committees;
- Take a Kid Trapping;
- Western Harvesters Assistance Program

The Fur Price Program grant and contribution budget is set at \$560,000 shared between ENR and ITI. ITI is allocated \$155,000 to conduct fur marketing activities and pay sales commissions paid out after every sale.

Purpose

The ITI portion of the Fur Price Program pays all sales commissions and handling fees for fur shipped to auction and related marketing costs.

Eligibility

Service providers must be specialized in marketing of international fur sales and marketing to international auction houses.

Grant/Contribution

Application Process

Program entitlement is generated by individual pelts delivered, prices obtained, and the quantum of pelts delivered over the course of the year. The cost to sell the fur (sale commission) is set at a contracted rate of 8 per cent of the sold value.

Results Reporting

There was an expenditure of \$85,000 in direct support of the Fur Price Program for 2018-2019

FILM

FILM REBATE PROGRAM

Purpose

To encourage active NWT film and television production companies to film on location in the NWT, to purchase goods and services in the NWT, and to hire and train NWT residents.

The Film Rebate Program has three categories:

- NWT Labour/Training Rebate
- NWT Expenditure Rebate
- NWT Travel Rebate

Eligibility

Applicants or productions eligible for the Film Rebate Program are:

- Guest Producers, NWT Co-Production Partners and NWT production companies;
- Pre-production and production costs for film and television filming in the NWT, where NWT labour content equals or exceeds 30 percent of total
- In-territory (NWT) spend;
- Minimum NWT Spend of \$60,000 which can combine NWT Labour/NWT Spend (excludes GST);
- Preference will be given to projects with TV broadcast or theatrical distribution commitments; and
- Commercials are only eligible to apply under the NWT Travel Rebate category of the NWT Film Rebate Program.

Grant/Contribution

Contribution

Maximum Amount Available Per Applicant

Maximum per applicant per project are guided by the following:

NWT Labour/Training Rebate

- 25 per cent rebate for eligible NWT labour.

- An additional 15 per cent rebate for recognized positions or for NWT resident candidates receiving on-set training.

NWT Expenditure Rebate

- 25 per cent rebate for all goods and services that qualify as NWT Spend purchased and consumed in the NWT.

The NWT Film Commissioner, a position designated by the Minister of ITI and certified by the Association of Film Commissioners International. The Associate Film Commissioner will fulfill the responsibilities of the Film Commissioner as delegated.

Policy Authority

Established under the authority of the Minister of Industry, Tourism and Investment

Application Process

Application form and guidelines for the NWT Film Rebate Program can be found on the NWT Film Commission website at: www.nwtfilm.com

Applications must be received by predetermined dates each year and funding distributed to those that meet the NWT Film Rebate Program criteria and provide the greatest benefit to the NWT.

Completed applications are evaluated by staff of the NWT Film Commission.

Successful applicants will be notified by the NWT Film Commission of the decision and provided with a written estimate of the pre-approved rebate, based on the information provided, along with a Contribution Agreement. The Contribution Agreement will outline the deliverables and requirements by the NWT Film Commission, which must be entered into by the applicant to receive funding under the NWT Film Rebate Program.

The NWT Film Commission reserves the right to exercise discretion throughout this process, including the evaluation of projects that realize significant benefits to the NWT.

Decisions by the NWT Film Commission are eligible to an appeal process. Appeals must be in writing and received by the ITI Assistant Deputy Minister of Economic Development no later than 30 days following the date that the applicant has received notification of the approving authority's decision.

Results Reporting

A total of four film project contributions were made in the 2018-2019 fiscal year, totaling \$119,000.

Established under authority of Minister of ITI

Application Process

This is an annual contribution approved through the GNWT business planning process.

Results Reporting

The following is a summary of the marketing activities that NWTT has undertaken during the 2018-2019 fiscal year.

Marketing Activity Update and Result Reporting

1. Consumer Direct Marketing

Consumer direct marketing includes the NWT travel guides, the NWTT website, social media, advertising, consumer shows and special events.

(i) Travel Guides

NWT Tourism printed 30,000 Explorers' Guides for 2018. The Explorers' Guides produced were initially distributed in January 2018 to a range of places

including visitor information centres across Canada and have subsequently been distributed at consumer shows and in response to individual requests via the website or by phone.

(ii) NWTT Website

The spectacularnwt.com website is a critical tool in measuring the performance of the marketing efforts by NWT Tourism. Website traffic is an objective measurement tool, providing feedback on marketing activities instantly, particularly regarding digital advertising.

The website had almost 300,000 users who visited approximately 775,000 web pages in this fiscal year. A strategy for the site this year has been to drive traffic to tourism operator pages, thereby connecting with people further down the path to purchase. Total operator listings visited this year was in excess of 80,000, a 23% increase over last year. The fiscal year 2018-19 saw an overall decrease in traffic by 15%. This decrease can largely be attributed to two things. First, this fiscal year NWT Tourism did not participate in the Destination Canada campaign for angling. Second, a tactical decision was made to keep visitor traffic within our social media channels rather than driving visitor traffic to the website via links.

(iii) Digital Consumer Advertising

NWT Tourism placed numerous digital ad campaigns in 2018-19. NWT Tourism maintained an "always on" strategy this year, with digital ads throughout the year. The main target markets for our digital advertising were the Canadian and US markets. Digital ad campaign traffic increased by over 229% year over year. Traffic increased to 42,172 from just under 13,000 in the previous year.

(iv) Love Letter Integrated Marketing Campaign

The campaign concept was based on the feelings evoked when visitors experience the spectacular sites and activities in the NWT and involved love letters or postcards either from visitors to the sites and activities of the NWT, or from the sites and activities to the potential visitor. The campaign had many components, including digital advertising, advertorial, social media marketing and consumer shows. Digital ads were created and placed on various sites which aligned with target audiences.

(v) Social Media Marketing

Social media is a key marketing channel used by NWT Tourism to connect directly with potential visitors to the territory. Using data obtained from Facebook Insights, Twitter Analytics and Instagram, NWT Tourism is able to see who their social media audience is and what content resonates with them. Results of social media marketing activity are measured in

terms of follower growth (who is interested in NWTT content?) and engagement (who is interacting with NWTT content?).

Social media followers grew across Facebook and Instagram in the 2018-19 fiscal year and remained quite flat on Twitter. Facebook, grew by almost 2,500 followers in this fiscal year, ending the year with over 72,000 followers. The total number of followers on all NWT Tourism social media accounts is over 102,000 with a potential post reach of 1.4 million people.

(vi) Content Marketing

Social media followers grew across all channels in the 2018-2019 fiscal year. Facebook, by far the largest social media outlet in terms of visitor numbers and engagement, grew by almost 3,000 followers in this fiscal year, ending the year with just under 70,000 followers. Note that just over 61% of Facebook followers are 35+. The total number of followers on all NWTT social media accounts is 106,000.

(vii) Consumer Show Program

The Consumer Show Program is an important component of the NWT Tourism marketing plan. Attending consumer shows allows NWT Tourism to increase the general awareness of the NWT as a travel destination in face-to-face encounters with the public. In addition, NWT Tourism purchases a block of booth space at each show, and booth space is offered to tourism operators at a reduced rate. This partnership allows NWT Tourism to make a bigger impact at

consumer shows than if NWT Tourism attended alone. It also enables operators to sell trips to consumers directly at the shows.

(viii) Call Centre Update

NWT Tourism staff assist potential travellers when they contact NWTT directly via its toll-free number or send information requests via email. NWT Tourism staff answer all enquiries and provide advice and information depending on what the potential traveller is interested in doing. NWT Tourism staff handled a total of 292 phone calls and 235 emails requesting information.

2. Meeting and Incentive Travel (MCIT)

(i) Trade Shows

NWTT attended five MCIT trade shows in the 2018-2019 fiscal year 2018-2019. The revenue results from completed conferences in 2018-2019 are presented in Table 14.

(ii) Meeting and Incentive Travel Familiarization Tours and Conference Bureau

NWTT hosted six media familiarization (FAM) tours in 2018-2019. This led to sales leads and Requests for Proposals bidding activity and the related results in follow up to all MCIT marketing and sales activities in 2018-2019.

Calgary Outdoor Adventure and Travel Show, Calgary, AB	March 23-24, 2019
Ottawa Travel and Vacation Show, Ottawa, ON	March 16-17, 2019

Trade Show Promotion

The travel trade is an important channel for NWTT's marketing activities in overseas markets. NWTT staff work closely with a variety of international travel trade companies who have offices in Canada to ensure they are up to date about information on the tourism product in the NWT.

A Federal Chinese Trade Mission was held from June 21 to 28, 2018 and included business meetings in Beijing, Shanghai and Hangzhou. The NWT delegation was lead by ITI and NWTT.

With CanNor funding, NWTT established a General Sales Agent (GSA) in Australia. The GSA visited the Northwest Territories in December 2018, undertaking training with NWT Tourism regarding our destination and products and regarding those licensed tour operators who meet trade ready criteria.

In South Korea, NWTT partnered with a key wholesaler account, Pharos Travel, to create a guidebook on NWT Tourism products for distribution to Korean agents.

GERMANY

Advertising

The NWTT General Sales Agent (GSA) for German-speaking Europe facilitated a number of advertising opportunities focusing on NWT content in Germany, including a partnership with Fraserway RV wrapped with feature NWT tourism product images.

Travel Trade and Media FAMs

NWTT's GSA arranged a media and travel trade FAM trip to the Western Arctic in March, 2019. There is tremendous interest in German-speaking Europe for the new highway to Tuktoyaktuk, in both travel media and the travel trade.

JAPAN

Advertising and Promotion

The NWTT GSA in Japan works closely with Destination Canada (Japan) and the other members of Team Canada Japan to coordinate marketing activities with key trade accounts as part of the *Canada Theatre* program.

The content-based marketing promotion focuses on developing key stories and experiences that will encourage the Japanese tour wholesalers to develop new itineraries with the intent of generating more interest in travel to Canada.

The GSA in Japan assisted with travel trade FAMs, trade promotions, sales calls and seminars, sending travel trade newsletters, and attending Destination Canada meetings in Japan on behalf of NWTT.

TRADE SHOWS

NWTT participated in five trade shows in 2018-2019.

Rendez-Vous Canada (RVC)

RVC is Canada's premier international tourism marketplace lead by Destination Canada, connecting international buyers with Canadian sellers of tourism products. Staff from the NWT Tourism office as well as the NWTT sales agent for Japan attended the show. 98 scheduled appointments were conducted with travel trade from all target international markets. Five NWT Tourism operators attended RVC and had a total of 230 appointments.

Other trade shows attended were Focus Korea, Showcase Asia in China, CITAP (Canada), Corroboree in Australia, and ITB Berlin.

Trade Familiarization Initiatives

NWTT arranged and supported a total of five trade FAMs from China, Japan, Germany, Australia and South Korea.

Regional Marketing

The 2018-2019 regional marketing budget includes \$250,000 that is set aside for the five regions (\$50,000 each).

In the Beaufort Delta region, implementation of the regional plan included a variety of activities including a refresh and reprint of the Dempster Highway Passport booklet, attendance at the Abbotsford RV and the Calgary Motorcycle Shows, ads created and placed in Motorcycle Mojo (March and April editions), and purchasing Globe and Mail advertorial space. Ads were also placed in the Town of Inuvik Guide and the Dawson City Guide. Another major

project was updating the travel planning video of the Dempster Highway with the addition of new footage and voiceover, including the Inuvik to Tuktoyaktuk Highway. This video will be finished in the summer of 2019 when some additional photo and video assets needed for the storyboard are obtained.

In the North Slave region, Z-cards were produced for each community in the region. These brochures feature community activities and highlights as well as community maps. Local distribution is through hotels and visitor centres to encourage visitors already in the NWT to explore further. Support was given to the Yellowknives Dene First Nation for the showcase of their new arts and crafts centre at the opening event held as part of the NAKA Festival in March 2019. Two photo/video shoots were undertaken during the fiscal year. They resulted in 841 photos and 1,136 video clips (b-roll) which are now available for use to promote tourism to the North Slave. Boosted social media posts and paid search advertising was implemented for Folk on the Rocks and for Old Town Ramble and Ride festivals. An updated video loop to showcase the Northwest Territories was completed for use at the Yellowknife Airport.

In the Dehcho region, a major summer video shoot was completed. The video footage was reviewed, tagged and uploaded into the Canto library for use. The video footage included summer tourism product in the region in addition to specific footage in several communities. Videos created from this and a previous shoot were promoted on various platforms. Promotional items were purchased for future use at consumer trade shows.

In the Sahtu region, efforts were focused on a Sahtu Regional Guide. This is intended to be a comprehensive guide to the communities and will be used for residents as well as tourists. Regional and community maps were developed, and many meetings were conducted to finalize the detailed scope of work, budget and timeline for the guide. Much work has been done on the guide, with the expectation that it will be completed in the next fiscal year. In addition to work on the guide, a flatsheet was created for Sahtu Adventures who attended the Toronto Adventure Show. There was a social media buy for the region with community itineraries added to the spectacularnwt.com website and promoted on social media.

In the South Slave region, many activities were undertaken. An ad was placed in Up Here Magazine. Social and digital ads were placed featuring festivals in the region. A plaque was purchased to commemorate the achievements of Alex Hall of Canoe Arctic. Trade show space was purchased in April and May of 2019 at:

- the Edmonton RV Show

- the Edmonton Boat and Sportsman Show for Nonacho Lake Fishing Adventures.
- the Peace River Tradeshow and High Level Tradeshow.

Boosted social media advertising promoted the Dark Sky Festival, Slave River Paddlefest and driving the Waterfalls Route. A Globe and Mail ad and a social media amplification were placed featuring the South Slave driving route to the NWT. A flat sheet was created featuring tourism product in the region for distribution at consumer shows. Design work was completed for four community brochures. Three feature ads for top operators in the region ran on the spectacularnwt.com website, and flat sheets were created to coincide with consumer shows. Promotional items were purchased for use in regional promotions. A highway billboard collaboration was undertaken with Parks Canada to assist in wayfinding for visitors driving to the region.

Special Initiatives

The following special marketing initiatives were undertaken in the 2018-2019 fiscal year:

- **Tourism Week Campaign and Contest**
NWTT and ITI jointly produced an ad to celebrate Tourism Week. NWT Tourism promoted Tourism Week and the contest held by ITI on social media channels. The contest involved all regions of the NWT, as residents were able to nominate excellent visitor hosts within their communities. Two prizes were given in each region of the NWT.
- **China Trade Mission – June 21-28,**
NWTT and GNWT participated in the Canadian federal trade mission to China, which included business meetings in Beijing, Shanghai and Hangzhou.
- **Trade Show Backdrops for Silverado**
NWTT provided trade show backdrops to showcase the entire NWT for use by the GNWT and its partners in Inuvik during the time the GMC Silverado was being test driven on the new Inuvik to Tuktoyaktuk highway.
- **Campground Guide Reprint**
The special initiatives budget was used to reprint the 2018 GNWT Road and Campground Guides in this fiscal year.
- **ITAC MOU**
Under a Memorandum of Understanding, signed with the Indigenous Tourism Association of Canada (ITAC) and ITI, NWTT partnered in the acquisition of specific video assets in the NWT and to produce a number of Indigenous voices videos for ITAC's and NWTT's marketing platforms.

COMMUNITY TOURISM INFRASTRUCTURE CONTRIBUTION

Purpose

The Community Tourism Infrastructure Contribution (CTIC) funds community governments and non-government organizations for new and innovative infrastructure projects. Projects must support tourism in communities and should promote nearby parks and natural attractions.

Eligibility

Capital projects that increase tourism in communities. Capital costs are defined as:

- One-time project costs;
- Communications infrastructure projects that enhance current tourism products or attractions;
- Development of innovative information technology tourism products or services; and
- Planning studies or site development for future capital projects if applicants can demonstrate that future resources are available for project completion.

Policy Authority

Established under authority of Minister of ITI

Application Process

Application form and guidelines for the Community Tourism Infrastructure Contribution (CTIC) can be found on the ITI website under Programs and Services and are

available at any ITI Regional Office or ITI Headquarters Office in Yellowknife. Applications must be received by certain predetermined dates each year and funding will be distributed to those projects which provide the greatest benefit to the NWT and meet the program criteria, until funding limits are reached.

Completed applications are delivered to ITI Regional Offices or ITI Headquarters Office in Yellowknife, who administer and make recommendations for approval.

To be a successful applicant, the following criteria had to be met:

- Projects must align with the community tourism plan where applicable. If there is no community tourism plan in place, the applicant must demonstrate that they have support from the community; and
- The project must provide positive tourism benefits to the community and surrounding area.

Successful proposals must also demonstrate:

- The organization operates on a non-profit basis and works to benefit the tourism industry and local economy of the community;
- The project will increase the attraction of the community to visitors;
- The project enhances partnerships between non-government community groups and the private sector tourism industry;
- There are resources available for any operations and maintenance costs related to the project; and
- If it is a multi-year project, future resources can be leveraged from other sources.

Results Reporting

The CTIC funded seven successful applications, resulting in a total distribution of \$200,000.

The breakdown by project is shown in Table 17:

TOURISM SKILLS DEVELOPMENT FUND

Purpose

The skills development fund administers contributions under three program areas:

- Tourism Training Fund
- Business Mentorship
- Youth Mentorship

The purposes of the Tourism Training Fund are to:

- Fund short-term training (less than 12 weeks), which will advance and enhance the NWT tourism industry workers, groups and collectives of workers' capacity to obtain or create employment;
- Provide prospective NWT employers with a better trained tourism labour force;
- Enable NWT youth to acquire skills for employability in the tourism industry;
- Support young and/or inexperienced tourism entrepreneurs towards greater profitability and sustainability.

Eligibility

- Tourism Business Mentorship – Training or mentoring for businesses or individuals engaged in or employed in the tourism industry in the NWT. This fund is administered by the Canadian Executive Services Organization.
- Tourism Training Fund - Training must be short, formal courses or workshops, and could be via distance education such as correspondence courses, internet or teleconferencing.
- Youth Mentorship for Tourism Program - NWT youth interested in gaining more knowledge of the tourism industry or in being employed in the tourism industry.

Grant/Contribution

Contribution

Maximum Amount Available Per Applicant

1. Tourism Training-

- (i) Individual Applications: Maximum two applications per year/applicant. Maximum per application is \$3,000.

- (ii) Tourism Training: Business or Group Applications: Maximum one application per year/business/group. Maximum per application is \$6,000.

2. Tourism Business Mentorship

- (i) Individual applications: maximum \$5,500 per eligible applicant

3. Youth Mentorship:

- (i) Industry awareness applicants: maximum for eligible mentor and mentee \$3,750
- (ii) Path to employment: maximum for eligible mentor and mentee \$7,250

Program Budget

For the 2018-2019 fiscal year allocation:

- \$25,000 for Tourism Training Fund
- \$30,000 for Tourism Business Mentorship
- \$30,000 for Youth Mentorship

Total budget is \$50,000 for skills development.

Program Manager

Tourism and Parks Division

Policy Authority

Established under authority of Minister of ITI

Application Process

Application forms and guidelines for all programs can be found on the ITI website and are available at any ITI regional office or the Headquarters Office in Yellowknife. Applications for the Tourism Training Fund will be accepted at any time, but must be submitted prior to the training start date. Applications will be assessed monthly. Applications for Tourism business Mentorship and for Youth Mentorship are accepted once a year according to a calendar deadline. Completed applications are delivered to ITI's Regional Offices or Headquarters in Yellowknife, who make recommendations for approval.

A business or group who applies for funding must demonstrate that the training falls within the eligibility requirements and that the funding is intended to train more than one staff by a certified instructor. Funding for individuals is intended to support training of single individuals in a set of skills.

Results Reporting

The Program provided additional support for the tourism industry and its operators, and helped provide services from well-trained individuals in their operations.

The following is the priority list for funding consideration:

- Valid Tourism Operator License holders,
- Non-government Visitor Information Centre,

- Accommodations sector, and
- Individuals, businesses, collectives, not-for-profit tourism associations or organizations engaged in the tourism sector.

For the 2018-2019 fiscal year, a total contribution assistance of \$50,961 was provided.

TOURISM 2020: OPENING OUR SPECTACULAR HOME TO THE WORLD

Background to the Tourism 2020 Strategy: Opening Our Spectacular Home to the World.

Tourism 2020 builds on the lessons learned and the successes of Tourism 2015. Tourism 2020 is currently in its final year and a new strategy, Tourism 2025, has been started.

Through Tourism 2020, the GNWT and its partners invest in five key program areas:

1. Visitor Attraction and Experience,
2. Aboriginal Cultural Tourism,
3. Community Tourism Development,
4. Skills Development, and
5. Tourism Research.

Each program area has specific goals and objectives. The GNWT actively seeks partnerships with other agencies, governments and businesses to develop the potential of our industry, and works to leverage additional funds to support individuals, businesses, organizations and communities in all regions to continue to expand, improve and grow tourism. Partnership is a cornerstone of

Tourism 2020 and, through partnerships and leveraged investments, overall goals are results- focused, realistic and achievable.

The overall goal is to increase the value of the industry to \$207 million annually by 2021, which represents growth of 35% between 2016-2017 and 2020-2021. This goal was surpassed in 2018-2019.

Goals of the Tourism 2020 Strategy are connected to the five key program areas:

- Visitor Attraction and Experience
 - o Increase: visitor volume, visitor spending, number and diversity of tourism products, number of market and export ready tourism operators
 - o Provide an excellent visitor experience
- Aboriginal Cultural Tourism
 - o Strengthen Aboriginal cultural tourism capacity
 - o Respectful sharing of Aboriginal culture
 - o Preservation of culture and heritage

- Community Tourism Development
 - o Increase tourism awareness and development at the community level
- Skills Development
 - o A sustainable, professional, skilled and trained workforce
- Tourism Research and Planning
 - o Conduct research to support programs and monitor trends and impacts

Purpose of Contributions of Various Initiatives

In addition to maintaining policy-backed tourism and parks contribution programs, the Strategy was further supported by other programs directly and indirectly available to the industry that are offered by the Department, the NWT BDIC, CanNor, and NWT Tourism.

Eligibility

Contributions are open to applications from strategic private sector partners or NWT organizations involved in planning, delivery and/or funding and support for one or more of the five broad strategic program areas set out under the Tourism Strategy Implementation Plan.

- Marketing
- Aboriginal Tourism
- Infrastructure
- Skills Development
- Research and Planning

Grant/Contribution

Funding is provided through a Contribution Agreement

Maximum Amount per Applicant

The maximum amount allocated per applicant varies based on the initiative.

Program Budget

Specific funding of \$400,000 was included in ITI's 2018-2019 Business Plan for the implementation of initiatives addressing recommended actions included in the Strategy.

Annual allocations are determined through ITI's appropriation and expenditures.

Program Managers

Director of Tourism and Parks, Directorate, and ITI Regional Superintendents

Policy Authority

Established under authority of Minister of ITI

Application Process

Funding is through application to the one of the Program Managers or Regional Superintendents.

MINERAL AND PETROLEUM RESOURCES

MINERAL RESOURCES

MINERAL DEVELOPMENT STRATEGY AND IMPLEMENTATION PLAN AND VARIOUS INITIATIVES

Purpose

To provide funding for initiatives which contribute to ensuring the continued growth of the mineral resource industry by either working with industry and making improvements to the NWT regulatory environment, by enhancing Indigenous engagement and capacity and/or by creating a competitive edge.

Eligibility

Contributions are open to applications from strategic partners and stakeholders in the mineral sector and support one or more of the strategic pillars set out under the Mineral Development Strategy (MDS) Implementation Plan:

- Creating A Competitive Edge
- Establishing A New Regulatory Environment
- Enhancing Aboriginal Engagement and Capacity
- Promoting Sustainability
- Enriching Workforce Development and Public Awareness

Grant/Contribution

Funding is provided through a Contribution Agreement

Maximum Amount Available Per Applicant

The maximum amount allocated per applicant varies based on the initiative.

Program Budget

Annual allocations are determined through the Department of ITI's appropriation and expenditures. The 2018-2019 budget is \$100,000 for Aboriginal Capacity Building and \$30,000 for the Chamber of Mines.

Program Manager

Directors of the Mineral and Petroleum Resources Divisions or the NWT Geological Survey; in addition the Manager of Client Service and Community Relations Unit for the Aboriginal Mineral Development Strategy support programs.

Policy Authority

Established under authority of the Minister of ITI through the Financial Management Board.

Application Process

Funding is through application to the one of the Program Managers.

Results Reporting

Results of funded initiatives are reported by the recipient to the Department of ITI and from the Department through Main Estimates, the annual Grants and Contributions Results Report and may also be included in the annual updating of the MDS Implementation Plan.

Initiatives funded during the 2018-2019 fiscal year in support of the MDS and independent of an established Contribution Policy are listed in Table 22.

MINING INCENTIVE PROGRAM

Purpose

To provide funding to prospectors and exploration companies working in the NWT. The Mining Incentive Program (MIP) is intended to stimulate and sustain mineral exploration activities throughout the NWT and reduce the risk associated with grassroots mineral exploration. Exploration is vital to find new discoveries that result in producing mines that provide economic benefits to NWT residents.

Eligibility

Applicants must be individual prospectors or exploration companies, licensed to operate in the NWT, who propose new exploration projects or are already carrying out NWT mineral exploration work.

Grant/Contribution

Contribution

Maximum Amount Available Per Applicant

Prospectors may apply for up to \$25,000 in funding. Mineral exploration companies may apply for up to \$200,000 in funding (up to 50 percent of eligible expenses).

Program Budget

\$1,000,000 for the 2018-2019 fiscal year.

Program Manager

Northwest Territories Geological Survey (NTGS).

Policy Authority

Established under the authority of the Minister of ITI

Application Process

Application forms and guidelines for the MIP can be found on the ITI and NTGS websites and are also available at any ITI regional office or the NTGS office in Yellowknife.

All submitted applications are delivered to the Program Manager. The MIP regularly receives more applications than it can fund.

An experienced evaluation committee reviews each proposal and decides how funding will be distributed based on ranking criteria to assess the quality of the applications and the merits of the proposed mineral exploration activities. The committee strikes a balance between the amount of funding awarded to successful applicants and the total number of proposals funded. This balance is important in helping to maximize the overall impact of the MIP.

Results Reporting

Successful applicants are required to submit an interim report in October and a final report in early April of the following year. In addition, the Program Manager requests financial information for subsequent years of the project regardless of whether MIP funding is received or not. This allows the longer-term impact of MIP funding to be assessed.

Successful MIP applicants for the 2018-2019 fiscal year are listed in Table 23.

NWT GEOLOGICAL SURVEY

VARIOUS CONTRIBUTIONS TO SCIENTIFIC RESEARCH

Purpose

NTGS negotiates contributions with various universities to carry out research that mainly addresses NWT geoscience knowledge deficits, mineral and petroleum endowments and potential, and permafrost and landscape changes. This research strategy significantly leverages the expertise, capacity, and scientific productivity of the NTGS.

Eligibility

Researchers and students are invited and scientific program is negotiated.

Grant/Contribution

Contribution

Maximum Amount Available Per Applicant

Typically between \$10,000 - \$75,000 depending on the nature of the research project and the applicant's proposal.

Program Budget

Research plans and budgets are set in conjunction with planning the NTGS scientific program for each budget year.

Program Manager

Northwest Territories Geological Survey

Policy Authority

Established under the authority of the Minister of ITI

Application Process

Qualified researchers are invited based on a match between NTGS needs and the scientific expertise of the researcher or research institution.

Results Reporting

Results of funded initiatives are reported by the recipient to the Department of ITI and to the NTGS and may also be included in the annual updating of the MDS Implementation Plan. Scientific findings are regularly published as technical reports through the NTGS publication process.

Initiatives funded during the 2018-2019 fiscal year in support of the MDS strategic pillars or themes of 'Creating a Competitive Edge' and 'Promoting Sustainability' are listed in Table 24.
